

The Marriage Checkup

The Marriage Checkup provides a perfect tuneup for all married couples: those happily so, those who seldom think about their marriage and those who simply deny that problems exist and never discuss possible ways to improve the way they relate to one another. This interactive tool includes a marriage history, communication inventory, marital satisfaction assessment and much more! This is more than another how-to marriage book. It's an interactive journey that helps couples diagnose the health of their marriage, test their marriage with a self-guided quiz and tools to show them the strengths and weaknesses of their marriage.
