

Laser Radar Technology and Applications XX; and Atmospheric Propagation XII (Proceedings of SPIE)

Proceedings of SPIE present the original research papers presented at SPIE conferences and other high-quality conferences in the broad-ranging fields of optics and photonics. These books provide prompt access to the latest innovations in research and technology in their respective fields. Proceedings of SPIE are among the most cited references in patent literature.

Proceedings Paper NASA has been pursuing flash lidar technology for autonomous, safe landing on solar SPIE 9465, Laser Radar Technology and Applications XX and Atmospheric Propagation XII, 946502 (19 May Laser Radar Technology and Applications XX and Atmospheric Propagation XII SPIE 9465, Laser Radar Technology and Applications XX and Atmospheric Propagation XII, Published in SPIE Proceedings Vol. 9465: Laser Radar Technology and Applications XX and Atmospheric Propagation XII Choose your SPIE Conference Proceedings by Volume Range.
