

Spanked by a Group: A Rough Sex Erotica Story (Red Cheeks)

When I found out my roommate was a high class call girl I was shocked. When she asked me to cover an appointment with a special client I was even more shocked. When she told me it would involve sleeping with a group of people and being spanked, it shocked me even more. The most shocking thing of all, though, was that I did it! It was my first lesbian sex, my first gangbang, and my first sexy spanking all rolled into one. Warning: This ebook contains explicit sexual content. In includes erotic spanking, rough sex, first lesbian sex, group sex, and more. Therefore, only mature adults who wont find that offensive should read this story. Here is a preview: Okay. I know that sounds crazy but there was a simple reason.

Ten thousand dollars plus tips. Evidently, the forty or fifty people who showed up each paid several hundred dollars to be there. Depending on the total number of members who showed up, they drew lots to see whod get to play with Regina and whod have to watch andwell, and play with themselves. Regina told me she typically made about thirteen thousand dollars. In one night, she made more than five times as much as I made in a month. She did these parties every three weeks or so, and she had other clients. She had to be pulling in something in the neighborhood of thirty or forty thousand dollars every month. Okay, maybe I wasnt fully honest about the reason. The money was only part. I think the real reason I agreed came from a comment she made. When I understood just how much money she made I asked why the hell shed advertised for a roommate. She told me shed wanted a friend. Shed rented to me because when she interviewed me about moving in shed decided she wanted to be my friend. So I said yes. I said yes and I was naked. I said yes and I was bent over an overstuffed ottoman in the center of a large room with overstuffed couches and high-backed

chairs. I said yes and my arms were behind my back, tied at the wrists. I said yes and I was looking at seven people who would use me any way they wanted. I said yes and it really wasn't until that very moment that I understood the actual reality of what I said yes to. That last sentence wasn't accurate. One of the men stepped forward and grabbed my hair. He lifted my head up, and when he pulled my hair it made me yelp. The yelp opened my mouth, and he pushed inside. I suppose it was when my mouth was filled with a stranger's cock that I really understood the reality of my situation.
