

Love and War (Gay Shifter Romantic Erotica)

Rowan was a Panther and Elijah was a werewolf. They were in love and made each other happy. That's all there was to it, at least it would be in a perfect world. Elijah's father had no idea he was gay. Add that to the impending war between their clans over the suspected murder of one of Rowan's clan mates by one of Elijah's clan mates, and it became harder and harder for the two to stay together. Can their love survive these troubled times? Or will war between their clans break apart the beauty that each have found with each other?
